

## Questionnaire to facilitate the selection of casing spacers and sleeves.

Please complete, especially for unusual solutions.

Protective pipe		Carrier pipe	
1. Outer diameter of the pipe [mm]		1. Material of the pipe: plastic, cast iron, steel, GRP, stoneware, concrete.	
2. Pipe wall thickness [mm]		2. The flowing factor (e.g. water, gas e.t.c.)	
		3. Length of the jacking [mb]	
<b>Carrier pipe-type: Flared pipe</b>			
1. Outer diameter of the pipe [d]		[mm]	
2. Inside diameter of the pipe [di]		[mm]	
3. Outer diameter of the flared pipe [D]		[mm]	
<b>Carrier pipe-type: Smooth pipe</b>			
1. Outer diameter of the pipe [d]		[mm]	
2. Pipe wall thickness [e]		[mm]	
3. Inside diameter of the pipe [di]		[mm]	
<b>Carrier pipe-type: Flanged pipe</b>			
1. Outer diameter of the pipe [d]		[mm]	
2. Inside diameter of the pipe [di]		[mm]	
3. Outer diameter of the flanged pipe [D]		[mm]
